

Important note

The [European Environment Agency Datahub](#) is the preferred platform to explore and download European data sets published by the EEA.

Access and reuse of content in the Reportnet platform

Users shall refer to the access and use constraints of the datasets they are interested in. Unless otherwise indicated, access and re-use of publicly available content in the Reportnet platforms is permitted under the terms of the Creative Commons Attribution 4.0 International Public License ([CC-BY 4.0](#)), provided that the source is acknowledged. Attribution shall be provided as follows:

European Environment Agency Reportnet

title: *content and access date*

url: *link to content in the Reportnet platform*

license: <https://creativecommons.org/licenses/by/4.0>

Attribution example:

European Environment Agency Reportnet

title: *Monitoring and Classification of Bathing Waters (787) - Reporting year 2022 - Croatia - Accessed 2023-06-20*

url: *<https://reportnet.europa.eu/public/dataflow/746>*

license: <https://creativecommons.org/licenses/by/4.0>

Content in the Reportnet platform can be explicitly restricted from public view by the data provider. Only authorised users may access restricted content in the Reportnet platform. Contact helpdesk@reportnet.europa.eu if you are an authorised user and require technical assistance.

Disclaimer

The European Environment Agency accepts no responsibility or liability whatsoever (including but not limited to any direct or consequential loss or damage that might occur to you and/or any third party) arising out of or in connection with the information on the Reportnet platform.

Further information

Refer to the [EEA data policy](#) for further information.

Contact the [EEA Enquiry Service](#) if you have any questions about the re-use of content on the Reportnet platform.
